

GOAL ORIENTATION WORKSHOP 2016-2017

SAF'S FLAGSHIP MENTORING PROJECT GOAL KICKS OFF ITS SECOND YEAR

In conjunction with the commencement of the new school year, the GOAL Project began its second year of operation by hosting a week-long orientation workshop for mentors at the University of Ghana in Legon

We got off to a fantastic start by doubling the number of Mentors from 50 last year to an incredible 100! These mentors will be guided by 4 Coordinators and the mentors will each partner with a child; thereby enabling us to reach 100 children this year alone.

The orientation took place over a one week period. Each day, lectures were given by University Professors in various relevant fields including: social work, psychology and communications. Our mentors also enjoyed a heartwarming and motivational speech by Theo Ayertey, who is always ready to help and is an invaluable member of the Goal team.

Special thanks to Noga Makmal, SAF Director, Yifat Revivo, GOAL Project Manager, Theo Ayertey, HR Director STL-AMANDI and to all the volunteers for their hard work and dedication.

Wishing us all a happy and successful year!
